How to STAY SAFE in and out of school

By HeroCraft PC,
the developers of Gravewood High

School is a safe place

If your parents or guardians are late when picking you up, stay on school grounds until they arrive.

School can be boring, but there are people who will look after you there.

Be careful of strangers

Watch your surroundings and people who act strangely.

If it looks like someone is following you on foot or in a car, go to a crowded area, such as a store or other public places. If there is none, try to find an adult with children.

Talk to adults

If you see something strange, don't be afraid to tell a teacher or an adult you trust.

Unlike in movies or games, adults do listen to kids.

Yell. Kick. Run.

If you feel like you are in danger, just run.

When someone you don't know tries to kidnap you or push you inside of a car, yell, kick, and run. The more attention you attract, the safer you are.
